

Radon Continuing Education Courses for Minnesota

Two Advanced Measurement Courses

Advanced Schools and Large Buildings Radon Measurement

Tuesday August 20– (8am – 5pm)

This eight-hour version of KSU-222 course focuses on the skills you need to understand the major factors unique to radon measurement in schools and large buildings. The goal of the course is to help you design and manage radon measurement projects in schools and large buildings. Topics include test preparation, determining test locations, test procedures, required measurement conditions, quality control and test documentation. The course is built around the American National Standards Institute (ANSI) standard, Protocols for Conducting Radon and Radon decay Product Measurements in Schools and Large Buildings

C.E. Credits: 8 hours *NRPP Course ID#: KSU-231*

Advanced Multifamily Radon Measurement

Wednesday August 21 – (8am-5pm)

This is an 8 hour continuing education course for radon measurement and inspection professionals. The demand for professionals in this content area has been fueled by the U.S. Department of Housing and Urban Development (HUD) mortgage requirements for multifamily property purchase refinancing, or rehabilitation. The HUD requirements include radon testing of multifamily buildings according to the American National Standards Institute (ANSI) standard on multifamily buildings radon measurement. This course focuses on this standard. This very intense one-day course helps you to prepare for the Multifamily Radon Measurement Advanced Certificate Program with the National Radon Proficiency Program. (To be eligible for the Certificate Program, you need to hold a NRPP basic measurement certification. State licensing is not a substitute)

C.E. Credits: 8 hours *NRPP Course ID#: KSU-600*

Location: Union Depot – Veterans Gallery Room
 214 East 4th Street | St. Paul, MN 55101
 (651) 202-2700

Cancellation/Refund Policy:

If you must cancel your registration, please do so as soon as possible. Substitutions are accepted. Registration fees, less a \$20 processing fee, will be refunded if notice is received in the conference registration office by 5 p.m. on **August 13** to modify or cancel your registration, please send a written request to radoncourse@ksu.edu with the subject line "Radon Training." After that date, due to guarantees we must give, refunds are not available. Registered participants who do not cancel their registration in writing by the deadline are responsible for the total registration fee even if they do not attend and have not paid the registration fee.

Kansas State University Engineering Extension may cancel or postpone this program because of insufficient enrollment or other unforeseen circumstances. If the program is canceled or postponed, registration fees will be refunded but we cannot be held responsible for other costs, charges, or expenses, including cancellation/change charges assessed by airlines or travel agencies. Registration fees will not be cancelled and refunds will not be issued if the program is held but the registrant is unable to attend due to travel delays or cancellations caused by inclement weather, or due to other extraordinary circumstances beyond the control of Kansas State University.
