September 27, 2022  
Marshfield, WI

Conducted by KSU

**Serves all NRPP Certification requirements - KSU-8000**

For content questions, call Bruce Snead at 785-532-4992

**Location:** Hotel Marshfield | 2700 S. Central Ave | Marshfield, WI 54449 | (715) 387-2700

**Course Time:** Course 8am - 5pm Tuesday | lunch on your own

### **Course Description:**

This exam-prep course will serve the training requirements for the new NRPP Mitigation Compliance Inspector Certification. The intent of the certification is to enable system inspections that can help state radon programs with compliance, help resolve citizen complaints to NRPP, and increase the installation of safe and effective radon mitigation systems. The course will cover ASD systems, the AARST Mitigation Checklist and an associated App will guide the inspection process and documentation requirements. We will review many actual inspections results to show the good, the ok and the non-compliant aspects of greatest concern. A quiz will be used to help prepare for the NRPP Certification exam via remote proctoring through Examity, which would be completed by candidates when they return home and then apply for the certification after passing the exam.

Prerequisite for achieving certification is: either an existing NRPP credential in measurement or mitigation, or at least one year of experience in a technically pertinent field.

**8 CE hours**
