

Radon Measurement and Mitigation Training for Oregon School Districts

Two 12 hour courses – to be conducted sequentially Tuesday through Thursday

Dates: April 30- May 2, 2019

Location: Medford School District Education Center
815 South Oakdale Ave
Medford, OR 97501

Fees:

Separate course fee - \$240 per course

Combined registration for both Courses- \$400

Advanced Schools and Large Buildings Radon Measurement

Tuesday April 30 – (8am) to Wednesday May 1 – (12 noon)

NRPP Course ID#: KSU-222

Applicable to: Measurement

Course Type: Classroom

C.E. Credits: 12 hours

Fee: \$240 (or \$200 if you take both courses)

Course Description: This is a 12 hour continuing education course for radon measurement professionals and environmental consultants. ***It would also be fundamental for school district facility personnel who plan to conduct their own measurement programs.*** This accelerated one-day course focuses on the skills you need to understand the major factors unique to radon measurement in schools and large buildings. The goal of the course is to help you design and manage radon measurement projects in schools and large buildings. Topics include test reparation, determining test locations, test procedures, required measurement conditions, quality control and test documentation. The course is built around the new American National Standards Institute (ANSI) standard, Protocols for Conducting Radon and Radon decay Product Measurements in Schools and Large Buildings.

Advanced Schools and Large Buildings Radon Mitigation

Wednesday May 1 – (1pm) to Thursday May 2 – (5pm)

NRPP Course ID#: KSU-223

Applicable to: Mitigation

Course Type: Classroom

C.E. Credits: 12 hours

Fee \$240 (or \$200 if you take both courses)

Course Description: This 12 hour continuing education course is for the radon mitigation professional and environmental consultant. ***It would also be fundamental for school district facility personnel who plan to oversee their own mitigation programs.*** This accelerated one-and-a-half-day course addresses growing demand for radon control in large buildings including schools. The focus is on skills you'll need to understand the major factors unique to radon dynamics and mitigation in large nonresidential buildings. The course emphasis is the ANSI/AARST standards on school and large buildings radon mitigation but is also thought provoking and interactive.

Cancellation/Refund Policy:

If you must cancel your registration, please do so as soon as possible. Substitutions are accepted. Registration fees, less a \$20 processing fee, will be refunded if notice is received in the conference registration office by 5 p.m. on Tuesday, April 23rd to modify or cancel your registration, please send a written request to radoncourse@ksu.edu with the subject line "Radon Training." After that date, due to guarantees we must give, refunds are not available. Registered participants who do not cancel their registration in writing by the deadline are responsible for the total registration fee even if they do not attend and have not paid the registration fee.

Kansas State University Engineering Extension may cancel or postpone this program because of insufficient enrollment or other unforeseen circumstances. If the program is canceled or postponed, registration fees will be refunded but we cannot be held responsible for other costs, charges, or expenses, including cancellation/change charges assessed by airlines or travel agencies. Registration fees will not be cancelled and refunds will not be issued if the program is held but the registrant is unable to attend due to travel delays or cancellations caused by inclement weather, or due to other extraordinary circumstances beyond the control of Kansas State University.
